Pfoutz.

Dr. Douglas is the American candidate in the Fifth ward against Dr. Pfoutz, the fusion candidate.

The church Republicans, under the leadership of Jodic Eldredge, will put up a strong fight today to elect Dr. Pfoutz a member of the board from the Fifth ward. A meeting was held at the offices of Fred Loofbourow Tuesday, at which Eldredge, Jack Hayes, Loofbourow and Claude Y. Russell were present, and a programme was mapped out by which it is hoped to land Pfoutz a winner.

annual tour of inspection.

Mr. Phillips was entertained by the local agents and managers of the company and, riding over the city by auto, was inexpressibly delighted with Sait Lake. The grand, wide streets and excellent pavements "surpass," as he phrased it, anything to be seen in any city in the country.

"I remember my first visit to Sait Lake," said Mr. Phillips. "It was with my parents on our way west. I was then a little boy, and amused myself by floating toy boats down the irrigation ditches that ran down either side of the city's main business streets.

"I was here again eighteen years ago, on my wedding trip. The city had greatly improved then, but today you have a city of magnificent proportions, with its wide streets, paved and improved by the most medern methods. Then, I understand, your gravity sewer system affords perfect sanitary conditions.

"The Western Pacific has facilitated freight coming to our city in this-one of the important ways-that we now get our freight in reasonable time from the cast or west. We get a great deal of goods from Utah, consisting principally of farm and dairy products, that we could not get before on account of the limited transportation that prevailed. As an instance, the National Nevada is a country of magnifect distances. As an instance, the National mining districts are situated slavy-five miles due north of Winnemucca, practically, as we regard distances at our doors, on the western slope of the Buckskin mountain. The National mine was discovered in this district a little more than two years ago, and has been in active, successful operation about fourteen months, in which time it has produced an increased amount of gold builton from month to month until the outnut of gold ore is in the aggregate \$500,000 a month. That means the output of the high grade ore that runs from \$1 to \$50 per pound and higher. In addition, in the National district are thousands of tons of ore that will run from \$20 to \$100 that are awaiting mill treatment.

The Seven Troughs district is equally distant from the Western Pacific and the Southern Pacific, about thirty miles, and is in active operation and giving satisfactory results. In addition there are the Paradise and Dutch Plat mining districts, that are shipping lead and silver ore cast and west. COUNTY COMMISSIONERS' ACTION IS "DEPLORED"

Young Men's Republican Club Meets and Elects Officers for Year.

The Young Men's Republican club o Utah held its annual meeting for the winding up of the year's doings and for he election of officers to serve the ensuing year, at the courtroom of Judge Armstrong in the city and county build ing. Tuesday evening.

The meeting was presided over by John M. Hayes, and Fred W. Price acted as secretary.

From start to finish it was evident that an effort had been made by the old stand-patters—the mossbacks of the party—sided by a representation from the federal bunch, to hold in check the insurgent, progressive element. The ballots cast for officers to serve the ensuing year showed that the insurgents were in the majority, three to one.

Throw Sop to Negroes.

To throw sop to the negroes, betrayed into voting the Republican licket at the recent general election, J. J. Greenewald introduced a resolution deploring the action of the county commissioners in refusing to confirm the appointment by County Clerk Margaret Zane Witcher of a negro, as an employee of the county clerk's office, but the resolution was liberally ellipsed and trimmed before it finally was adopted. The trimmed resolution is as follows:

"Resolved, That the Young Men's Republican club of Utah deplores the action of the honorable county commissioners, who refused to confirm the appointment by County Clerk Witcher of a negro for a temporary position in the county clerk's office; that we believe distinction of race or color in politics is wrong."

Fred W. Price, apparently the "noblest Roman of them all." refused absolutely to accept any financial compensation for to accept any financial compensation for his services as secretary, and as a relay was made president of the club by acclamation. Upon accepting the presidency, Mr. Price promised faithful service and the use at all times of all the executive ability he possessed, and hoped he will have the Genest support of each and every member of the club. For vice president, Harry Joseph and William Latham were placed in nomination. Joseph carried off the honors by thirty to twenty-two votes.

William F. Langendbecker was elected secretary over John K. Hardy, Governor Spry's private secretary, by a vote of thirty-seven to nineteen. Jake Greenewald was beaten for treasurer by Roy Simon, the vote standing thirty-eight for Simon to nineteen for Greenewald.
